ACACIA

CONNECT. EJECT. PROTECT.

RULES

GOAL

Be the first player to form a continuous line of 4 pieces of your color (vertically, horizontally or diagonally), or the first player to place all your pieces.

COMPONENTS

Each player has:

- 8 regular pieces in their color
- 4 pushing pieces (marked with a house symbol)
- 1 yellow koala piece

SETUP

1. Place the board between players. Keep pieces in your personal supply.
2. Choose a start player
3. Start player places 1 regular piece on any empty space
4. Players then alternate turns

TAKING YOUR TURN

On your turn, choose **one** of the following actions. You may not pass.

Place a Regular piece

Place 1 regular piece from your supply onto an empty space that is **adjacent** to at least one piece already on the board.

Adjacent means orthogonally or diagonally (any of the 8 surrounding spaces)
The adjacent piece can be any colour (yours, opponent's or yellow)

B. Eject and Replace a piece

Eject one opponent's piece from the board and replace it with a piece from your supply.

1. **What can you eject**: Only opponent's pieces (not yellow pieces)
2. **How to eject**:
   - To eject opponent's **regular piece**: place your **pushing piece**
   - To eject opponent's **pushing piece**: place your **yellow piece**
3. **Result:** The ejected piece returns to opponent's supply

WINNING

You win immediately when you have 4 of your pieces in a row (vertical, horizontal or diagonal).

The line can be any mix of your regular and ejector pieces
- Yellow pieces do not count for either player and can break a line

You win immediately when you place your last piece onto the board.

TOURNAMENT

For the full experience, play until a player has won 3 games.
